[How to do the dance:](#)

- a) If you look on YouTube you can find tutorials on doing the steps. They are simple and repetitive, but look good. The music can also be downloaded. Then the fun begins.
- b) You decide how many persons you want to use. Gender and age diversity will be an asset.
- c) Then there's the location. You might want to dance in the clubhouse or somewhere on the course. You decide where would be best.
- d) Next decision is what to wear. You may want to wear your club colours. You could even dance in flamenco dresses - wouldn't that look fabulous!
- e) It is not mandatory, but our suggestion is for all of us to make a "Jeruselema" dance video. Then we could collate all the videos together.
- f) Once all those decisions are made, then it's a case of learning the steps, having a few practices, and then getting someone in your club to video you.
